A Cloud-Based Digital Signage Software Solution.

PageMan’s cost effective, easy-to-use Cloud-Based Digital Signage Software Solution delivers your message to one or thousands of displays.

How does PageMan work?

PageMan uses Cloud-Based technology to upload, manage and distribute media, no matter location or format. Your content is uploaded to the Cloud and then distributed to your devices, where it is locally stored. With no need for continuous streaming PageMan is the definitive choice in Digital Signage Software!

What does PageMan have to Offer?

We offer a vast set of features that are ideal for numerous industries and environments, with new features being added weekly, depending on our customer’s needs.

- Cloud-Based Software
- Stable Off-The-Shelf Tech
- Real-Time Video Feeds
- Screen Zones
- Show Now On-demand Playlists
- Tagging Capabilities
- Cost-effective, Flexible packages
- Allows for Custom Widgets
- Touch Functionality
- Layered Playlists
- Advanced Scheduling
- Local Control

Need a Tailored Solution? No Problem, Contact Us!

YOUR MESSAGE ANYWHERE, ANYTIME.
